PRINCIPAL INVESTMENT MANAGEMENT
RAISES £6,400 FOR TWO CHARITIES

Principal, the investment management company with offices in Bath and Sevenoaks, entered a team in the Bath Half Marathon for the second year running. All of the 13 runners completed the race in under three hours and raised a total of £6,400 for their two chosen charities. The Bath Cancer Unit Support Group and the Hospice in the Weald will each receive £3,200.

Operations Manager in the Bath Office, Sue Keast, said: "A key reason for running this race was to raise money for charitable concerns that have a truly local focus. The Bath-based cancer unit support group aims to raise money to assist the treatment of cancer patients in North & West Wiltshire and North Somerset, as well as in Bath itself. The Hospice in the Weald provides much-needed specialist palliative care, both in the hospice and in the community that is Kent and East Sussex."

The runners came from the company's offices in Bath, Sevenoaks and London.

The Principal team, together with their times, were:

John Alderton	1hr 27
Chris Brocklehurst	1hr 31
